PROFESSIONAL SUMMARY

Computer Science and Engineering graduate currently pursuing a Master of Science in Cybersecurity at Curtin University Dubai. Passionate about cybersecurity, emerging technologies, and continuous learning, with a strong interest in developing practical technical skills and staying updated with the latest trends in technology. A quick learner with experience in front-end development, IT support environments, and emerging technologies, seeking opportunities to apply and expand my technical knowledge in a professional environment.

TECHNICAL SKILLS

- **Programming:** *Python, Java, SQL,*
- **Web Development:** *HTML, CSS, Responsive Web Design, Landing Page Development*
- **Tools & Platforms:** *Visual Studio Code, AI-assisted Development Tools (such as Kilo Code, etc), Website Deployment*
- **Technology Exposure:** *Cybersecurity Fundamentals, Artificial Intelligence, Cloud Computing, Blockchain Technology, QR Code Systems, 3D Printing Technology*
- **Professional Skills:** *Problem Solving, Team Collaboration, Communication, Adaptability, Fast Learning*

EDUCATION

CURTIN UNIVERSITY DUBAI

Dubai, United Arab Emirates | **2026-present**

Master of Cyber Security

- Currently pursuing

DMI COLLEGE OF ENGINEERING

Chennai, Tamil Nadu | **2021-2025**

Bachelor of Engineering (Computer Science)

ANNA UNIVERSITY

- Cumulative GPA : 3.00/4.00 (72%)
- Student Representative

INDIAN SCHOOL MUSCAT

Darsait, Muscat | **2021**

Higher Secondary Education (Class XII)

- Final Score: 82%

INDIAN SCHOOL MUSCAT

Darsait, Muscat | 2019

Secondary School Education (Class X)

- Final Score: 81%

PROFESSIONAL EXPERIENCE

AK Info Parks | *Front-End Developer Intern*

Tamil Nadu, India | **July 2024 – August 2024.**

- Assisted in developing responsive web pages using HTML and CSS
- Supported improvements in website UI and usability
- Tested web applications for cross-browser compatibility

Retech Solutions | *3D Printing Technology Intern*

Chennai, India | **July 2023 - August 2023**

- Assisted technical teams in operating 3D printing systems
- Learned additive manufacturing and prototype development processes
- Supported equipment setup and troubleshooting

EduLink Global Academy | *Emerging Technologies Intern*

Singapore | **6th Feb – 12th February 2023**

- Explored concepts in Artificial Intelligence and Cloud Computing
- Attended workshops on modern IT infrastructure
- Learned about current global technology trends

PROJECTS

Product Authenticity Detection Using Blockchain via QR Scanner

Final Year Project | 2025

- Developed a system to verify product authenticity using blockchain technology
- Implemented QR code scanning to retrieve and validate product information
- Designed a secure system to help prevent counterfeit products
- Demonstrated how blockchain can improve supply chain transparency and product tracking

Personal Landing Page Website

Personal Project | 2025

- Designed and developed a responsive landing page website
- Built the project using AI-assisted development tools in Visual Studio Code
- Implemented modern UI layout and responsive web design
- Published the website online for public access
